Executive Secretary

RE: Regional Conference - San Diego County, Dept. of
Education, Room 101, 6401 Linda Vista Rd., San
Diego - May 17 1-3p.m. or 4-6p.m.

The Commission for Teacher Preparation and Licensing conducted a research study which began in 1972 and was completed in 1978. The results of the study have important implications for teachers, administrators, and teacher educators. The study discovered student behaviors which were conducive to learning and identified teacher behaviors which helped foster the desired student behaviors.

The Commission is planning to hold a regional conference in your area to discuss the implications of this important study and hopes you will encourage educators in your district or institution to attend.

Copies of the conference announcement are enclosed. Please distribute these to the appropriate people on your staff. If you have any questions don't hesitate to call Marjorie Brodt (916) 322-3458 on our staff who is coordinating this conference along with Robert House, Director of Curriculum and Instruction, San Diego County Department of Education.
